Admission to Show is FREE This Year

WHAT:

The 2022 [Memphis International Auto Show](#) returns to the Renasant Convention Center with hundreds of new cars, trucks, crossovers, SUVs, pre-production vehicles and more. Attendees are invited to sit behind wheels, ask questions and inspect engines in a non-selling environment. New this year, the all-new, all-electric Ford F-150 Lightning makes its Memphis Auto Show debut as part of **Ford's Built to Electrify** exhibit. The outdoor EV track pairs show-goers with professional drivers for a trip around the track in an F-150 Lightning or Mustang Mach-E, showcasing the strength, capability, connectivity, and instant torque of Ford's exciting lineup of fully electric vehicles. Product specialists will be on site throughout the public days to answer questions and help customers envision what it will be like to own a Ford EV. Car fans can also test drive an assortment of vehicles outside the convention center from Chrysler, Dodge, Jeep and Ram. Also, don't miss pets looking for forever homes in Subaru's Pet Adoption area.
